

HERRINGBONE COLLECTION

Flooring in herringbone configurations has become increasingly popular. These elegant configurations create a visually interesting pattern that is reminiscent of luxurious European styled interior designs. The sophisticated patterns symbolize status and help to convey a feeling of prestige. Because of the overwhelming requests for herringbone patterned flooring, Grandeur now offers herringbone products in both engineered and vinyl flooring in our most popular colours.

AVAILABLE ACCESSORIES

All engineered accessories are custom made for your order using the exact same flooring for a perfectly finished match that is not refundable or exchangeable. Please order at least a week in advance.
